

HOW THE HABIT IS MAKING A DIFFERENCE

The Habit Burger Grill and our parent company, Yum! Brands, have a Recipe for Good which covers strategic investments in socially responsible growth, risk management and the stewardship of our people, food and planet. Check out some of our recent highlights below.

UN Sustainable Development Goals We Support

The Habit Burger Grill has a long-term partnership with No Kid Hungry and provides both food donations and monetary support to local food-security organizations, including Second Harvest Food Bank.

We launched our first employee resource group, C.R.A.F.T., for multicultural employees.

We engaged with ProStart, a culinary education organization, and other partners on a culinary competition through which prospective students can earn scholarships

We launched two new Impossible Burgers.

In 2021, we sourced over 97% of paper-based packaging from responsibly managed forests and recycled sources.

We transitioned from plastic to-go bags to paper ones in 2022, eliminating 288,000 pounds of plastic annually.

We continue to incorporate sustainable materials such as upholstery, lighting and efficiency-focused equipment into our restaurants.
